Words you should know before shopping for a plan

Learning common terms and how they're used in your plan can help you make more informed decisions in choosing a plan that works for you.

1 PREMIUM

Your monthly payment to Blue Cross for a health plan.

2 COPAY

The set dollar amount you pay each time you receive a service or prescription.

3 ANNUAL DEDUCTIBLE

Amount you will pay in one plan year before coverage begins.

4 COINSURANCE

A set percentage you pay toward healthcare after your deductible has been met. For example, if the coinsurance is 20 percent, once you've paid your deductible in full, the plan pays 80 percent of your covered healthcare costs. You then pay 20 percent of your covered healthcare costs until you reach your out-of-pocket maximum.

5 ANNUAL OUT-OF-POCKET MAXIMUM

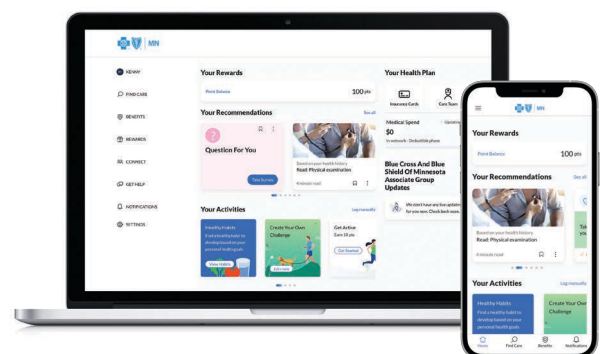

The most you could pay in one plan year for covered medical services and supplies.

Step 2: Determine the best plan level for you

Blue Plus plans offer three levels of coverage and cost sharing. Each plan pays a different amount toward medical coverage and prescription drugs. The right plan depends on how often you visit the doctor or pharmacy, how much you want to pay when you get care, and how much you want to pay before your health plan begins to pay.

*Some plans are compatible with HSAs from investment HSA administrators like FurtherSM by HealthEquity.

A health savings account (HSA) allows you to set aside a portion of your earnings pretax to pay for qualified medical expenses, including dental and vision. The money in the account is owned by you and stays with you even if you change health plans or your employer and/or employment changes. You can also invest your HSA dollars.

All plans have embedded deductibles. For plans with more than one person (family plan), no one member will exceed the single deductible amount listed above. Also, eligible costs incurred by all covered family members count toward satisfying the family deductible.

This is only a summary. The contract and benefit booklet include complete details of what is and isn't covered. Services not covered include routine adult eye exams and eyewear, custodial care, bariatric surgery, infertility treatment, items primarily used for a nonmedical purpose, over-the-counter drugs (except as specified in the benefit booklet), nutritional supplements, services that are cosmetic, experimental, not medically necessary, or covered by workers' compensation or no-fault auto insurance. Each healthcare provider is an independent contractor and not our agent. Nonparticipating providers do not have contracts with Blue Cross and Blue Shield of Minnesota. Benefits are effective January 1, 2024.

Your out-of-pocket costs depend on the network status of your provider. This plan's network has a limited number of in-network providers. If you visit a provider or a location that's not in this plan's network, you will pay more for your care, and the costs associated with your care will not count toward your in-network cost sharing (for example, the in-network deductible and out-of-pocket maximum).

If you receive services from a nonparticipating provider, you will be responsible for any deductibles or coinsurance plus the difference between what Blue Plus would reimburse for the nonparticipating provider and the actual charges the nonparticipating provider bills. This difference does not apply to your out-of-pocket maximum. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Plus's allowed amount, which is typically lower than the amount billed by the provider.

Blue Plus may change premium rates on an annual renewal date, when you add or delete a dependent, or if you move to a different Blue Plus plan. Factors that may affect changes in premium rates include the age of covered members and where you reside.

The deductible, copay and out-of-pocket maximum amounts are subject to annual adjustments. These adjustments are based on the medical care component of the Consumer Price Index (CPI) published by the U.S. Department of Labor. These annual adjustments are effective on the annual renewal date.

All plans have embedded deductibles. For plans with more than one person (family plan), no one member will exceed the single deductible amount listed above. Also, eligible costs incurred by all covered family members count toward satisfying the family deductible.

This is only a summary. The contract and benefit booklet include complete details of what is and isn't covered. Services not covered include routine adult eye exams and eyewear, custodial care, bariatric surgery, infertility treatment, hearing aids for adults, items primarily used for a nonmedical purpose, over-the-counter drugs (except as specified in the benefit booklet), nutritional supplements, services that are cosmetic, experimental, not medically necessary, or covered by workers' compensation or no-fault auto insurance. Each healthcare provider is an independent contractor and not our agent. Nonparticipating providers do not have contracts with Blue Cross and Blue Shield of Minnesota. Benefits are effective January 1, 2024.

Your out-of-pocket costs depend on the network status of your provider. This plan's network has a limited number of in-network providers. If you visit a provider or a location that's not in this plan's network, you will pay more for your care, and the costs associated with your care will not count toward your in-network cost sharing (for example, the in-network deductible and out-of-pocket maximum).

If you receive services from a nonparticipating provider, you will be responsible for any deductibles or coinsurance plus the difference between what Blue Plus would reimburse for the nonparticipating provider and the actual charges the nonparticipating provider bills. This difference does not apply to your out-of-pocket maximum. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Plus' allowed amount, which is typically lower than the amount billed by the provider.

Blue Plus may change premium rates on an annual renewal date, when you add or delete a dependent, or if you move to a different Blue Plus plan. Factors that may affect changes in premium rates include the age of covered members and where you reside.

The deductible, copay and out-of-pocket maximum amounts are subject to annual adjustments. These adjustments are based on the medical care component of the Consumer Price Index (CPI) published by the U.S. Department of Labor. These annual adjustments are effective on the annual renewal date.

Get answers to frequently asked questions

Q. When can I enroll in a plan?

A. This year, you can enroll in an individual plan November 1 through December 15, 2023, for a January 1, 2024, effective date. Special enrollment during other times of the year is available for a major life event, such as loss of coverage, marriage, divorce, or birth of a child. There is a limited time to enroll after a life change. Call us or check with your agent for details. For more information, go to bluecrossmn.com/SpecialEnroll.

Q. What is a network and what does it mean to use in-network providers?

A. Each individual and family plan from Blue Plus has a network of providers — hospitals, clinics, physicians, nurse practitioners and other caregivers — ready to provide medical care or services you may need.

The in-network providers for each plan can be found using the Find a Doctor tool at bluecrossmn.com/FindADoctor. Any provider or facility not found in your specific plan network is considered out of network and will almost always cost you quite a bit more than someone in network.

Please review the coverage details in the Out of network column of the benefit tables. Your best option for the most cost-effective care is to ensure the provider you use is part of your plan network.

Q. Are preventive services covered?

A. Most preventive services — like health screenings and vaccinations — are covered at 100 percent in network (with no additional deductibles or copayments). Talk with your doctor about the preventive services that are right for you. For more information on covered services, visit bluecrossmn.com/PreventiveCare.

Q. Where can I get all the details of my coverage?

A. Once enrolled in your health plan, you can register for your member website, at bluecrossmn.com/Register. From there you can access your benefit booklet to review all the details of your plan. After you enroll, you will receive a welcome packet, your member ID card and other helpful documents.

Q. What if I'm in an area outside my network's region and need medical care?

A. If you are experiencing a medical emergency, you can go to the emergency department at any hospital and receive outpatient care at in-network costs, regardless of whether the facility and providers are in your plan network.

There are also many ways to get help from medical professionals virtually. Visit bluecrossmn.com/VirtualCare to learn more.
