## Feel confident in your decision

A Medicare Supplement insurance plan, also called a Medigap plan, is a separate policy that works with Medicare Part A (hospital services) and Part B (doctor's services and supplies) and helps you manage your medical costs. Cigna Medicare Supplement insurance helps protect you against high out-of-pocket costs by helping pay for eligible health care expenses not covered by Medicare.

### Freedom to choose your doctors

You can use any doctor who accepts Medicare. There are no provider networks or referrals required.<sup>1</sup> So, you can go to the doctors you know and trust.

### Value for your money

Our goal is to provide cost-effective coverage without sacrificing the quality service and support you deserve.

### Optional riders for the Basic Plan only

#### Part A Deductible

Pays 100% of Medicare Part A deductible.

#### Part B Deductible

Pays 100% of Medicare Part B deductible (per calendar year) only to those eligible for Medicare before 1/1/2020.

#### Part B Excess Charges

Pays the difference between what Medicare pays and the amount charged by the provider who does not accept Medicare assignment, up to the limiting charge allowed by Medicare.

#### Preventive Medical Care

Pays up to \$120 each calendar year for routine annual medical exam including diagnostic x-rays and laboratory services when not covered by Medicare.

### Service you can count on

Our knowledgeable, caring representatives are ready to assist you by answering your questions and providing guidance. We aim to provide fast, friendly and efficient customer service at all times. Our claims team is also hard at work for you behind the scenes. Medicare Part A and Part B claims are managed electronically, which eliminates paperwork for both you and your doctor.
